THEY'RE LIKE REAL-LIFE
ACHIEVEMENT AWARDS!

COOL PROJECTS

NEW BEST FRIENDS

Join a group of great kids your age who are all about exploring new things, having fun, working together, and cheering each other on.

PARENTS, you want your son to grow into a responsible, confident, and capable young adult. At **Boy Scout Troop 14**, we help make that happen.

Scouting is more than just camping & badges - it's a proven program that builds character, confidence, and leadership for life.

THEY'LL LEAD. Scouts learn to plan trips, run meetings, and take on real responsibility - experiences that build independence and look great on college applications.

THEY'LL LIVE THESE VALUES. Integrity, respect, and responsibility aren't just words - they're lessons Scouts practice through service & teamwork.

THEY'LL FIND FRIENDS & MENTORS. Older Scouts and dedicated adult leaders provide guidance and encouragement in a safe, supportive environment.

And along the way, your child can aim for Eagle Scout, an accomplishment that speaks volumes about their dedication & leadership - **NO PREVIOUS SCOUTING EXPERIENCE NECESSARY!**
